Marine Strategy Framework Directive (MSFD)
Common Implementation Strategy

Commission guidance – What & how to report

Reporting Sheet - xml file				Additional guidance
No.	Topic	Question	Summary information to be provided	
				reporting area), giving each WFD KTM a unique Region/MS/Measure code as per the other individual measures and give the WFD KTM code in the 'measure name' field b. At the WFD measure level (i.e. report all the WFD measures relevant to the MSFD reporting area), giving each WFD measure its unique WFD reporting code, prefixed by the sub(region) and MS code (e.g. BALDE-'WFD measure code'.
7	Measure_name	Give name of measure	Select <u>one</u> from the list of measures in your Summary Report	For WFD measures, give only the relevant WFD KTM name (or the WFD measure name if reporting at WFD measure level)
8	Link to existing policies	Which existing policies already established under Community legislation or international agreements or nationally does the measure come from?	Select all relevant from List: Directives, conventions and other policies	This question is to provide a high-level link only to other relevant policies. For category 1a and 1b measures, specify the existing EU legislation, international agreements and national policies which is the basis for measure. For category 2a measures, specify the EU legislation and international agreements on which the measure builds. For category 2b measures, specify 'Not applicable'.
9	KTMs	Give the relevant KTM(s)	Select the most relevant from the List: KTMs	It is preferable to associate each measure to only the most appropriate KTM; however in some circumstances linkage to several KTMs may be necessary
10	Relevant environmental targets	Which environmental target(s) are addressed by the measure?	Select all relevant target(s) from the list (from the MS report on Art. 10)	In the web reporting tool, a list of targets specific to the Member State, and as reported in 2012 or as updated for the 2014 reporting on monitoring programmes, will be provided. If the Member State has further updates to its targets (upon which the PoMs are based), these need to be provided to the Commission so that they can be reflected in the list of targets available in the web reporting tool. If the measure cannot be associated to any of the environmental targets currently reported under Art. 10, then please select 'No specific target addressed' from the list.

- Tabulated all potential measures relevant to Ireland
- Added columns for each Commission-defined reporting element
- Assigned each measure to a department or agency
- Filtered spreadsheet for only the measures attributed to agency and sent to identified contact for measure approval or rejection.
- Confirmed measures moved to separate Irish-only measures spreadsheet

Management & coordination – CRITICAL!

Status summary

	Not contacted/ contact required
	Only preliminary contact made
	Contact made and work progressing on compilation of measures
	Contact made, but awaiting action or response before progress can be made
	Unresponsive, or no progress made – potential issue!

Department/ Agency	Contact	Current Status
DAFM	Colm O' Suilleabhain	DAFM considering measures inventory. Response due 07/09/15
DTTAS	Marine Survey Office	DTTAS awaiting finalised list of measures, RPS to provide same to Donal Cronin by 23 rd September for issue to DTTAS
DECLG	Richard Cronin	Received response on taking forward D5 measures. RPS to make confirm 2 measures and review Richard Cronin provided comments. D2 measures to be updated based on Richard Cronin comments. Once complete D2 measures report will be reissued
DECLG	Donal Cronin	Awaiting final list of Irish-reported OSPAR measures or have these been received?
DAHG/ NPWS	Ciaran O'Keeffe	No Response to emails. However, Richard Cronin has contacted Yvonne Leahy at the NPWS and provisional date to meet are been considered.
DCENR	Orla Ryan (PAD/DCENR), Bill Morrissey (PAD/ DCENR), Bernie Comey (DCENR), Catherine McDonald (DCENR)	Initial contact made on 26/08/15 List of measures provided and discussions conducted (see below)
DoH/ FSAI	-	Christina Tlustos is currently considering the list of FSAI relevant measures
DAFM/ HSA	-	DAFM/HAS relevant measure have been issued to Sharon McGuinness for her consideration.
DCENR/IFI		Cathal Gallagher at IFI has been contacted and is now awaiting a finalised list of measures for review
DAFM/BIM		Ian Lawler at BIM has been contacted and is now awaiting a finalised list of measures for review

Management & coordination – CRITICAL!

External support - OSPAR

OSPAR Convention - *Convention for the Protection of the Marine Environment of the North-East Atlantic*

- Produced a series of supporting documents for the coordination of reporting of OSPAR-led measures: “**OSPAR Joint Documentation on Coordination of Measures (MSFD)**”

The screenshot displays the OSPAR Commission website. The header features the OSPAR logo (a globe) and the text 'OSPAR COMMISSION' with the tagline 'Protecting and conserving the North-East Atlantic and its resources'. A search bar is located in the top right corner. The navigation menu includes links for Home, About, Convention, Organisation, Work Areas, Meetings, Data, Fact & Assessment Sheets, and News. The main content area is titled 'Reporting Support Documents' and contains a list of bullet points: 'Identification of ecological monitoring parameters to assess Good Environmental Status of marine waters. An inventory in all OSPAR Contracting Parties that implement the MSFD' and 'Report of the OSPAR/MSFD workshop on approaches to determining GES for biodiversity'. Below this, there are sections for 'Article 13 Programmes of Measures' (with a link to 'OSPAR Joint Documentation on Coordination of Measures (MSFD)') and 'Article 11 Information Sheets' (with a link to 'OSPAR Coordinates Monitoring in the North-East Atlantic'). Under Article 11, there are three links: 'D5 - Chlorophyll', 'D5 - Nutrient Concentrations', and 'D5 - Nutrient Inputs from Land-Based Sources'. On the right side, there is a vertical image of blue water with bubbles and a sidebar titled 'Inside MARINE STRATEGY FRAMEWORK DIRECTIVE' containing links for 'MSFD Advice Documents', 'MSFD Coordination Reporting Support Documents', and 'Cross-Cutting Issues'.

Finalisation and reporting

600+ potential measures

202 reported Irish measures

Automated (macro)

MEASURE M005

Provide a unique identifier for the measure

ACSIE-M005

Give name of measure

Continue to apply the requirement for Appropriate Assessment of activities within Natura sites as required under Article 6(3) of the Habitats Directive (92/43/EEC).

Which existing policies already established under Community legislation or international agreements or nationally does the measure come from?

Birds Directive (79/409/EEC), Habitats Directive (92/43/EEC), National policies - European Communities (Birds and Natural Habitats) Regulations 2011 (S.I. No. 477/2011)

Give the relevant KTM

MSFD26 Physical loss
MSFD27 Physical damage
MSFD28 Energy inputs
MSFD35 Extraction of species
MSFD36 Other biological disturbance
MSFD37 Restore & conserve marine ecosystems
MSFD38 Spatial protection

For WFD KTMs (or measures), give the relevant WFD RBD or subunit (reporting area) codes.

n/a

Which environmental target(s) are addressed by the measure?

EXCEL Spreadsheet

MS WORD document

Measures reporting completion – Quality Assurance & Validation

MS WORD source document

MEASURE M049

Provide a unique identifier for the measure

ACSIE-M049

Give name of measure

Continue to implement local conservation reference sizes stocks/species under national measures within the 6 nautical mile limit.

Which existing policies already established under Community legislation or international agreements or nationally does the measure come from?

Common Fisheries Policy

Give the relevant KTM

WFD20 Fishing & other exploitation
MSFD35 Extraction of species

For WFD KTMs (or measures), give the relevant WFD RBD or subunit (reporting area) codes.

n/a

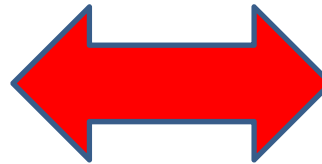

Which environmental target(s) are addressed by the measure?

D1_T1,
D1_T2,
D1_T3,
D1_T4,
D3_T1,
D3_T2,
D3_T3,
D3_T4,
D4_T1,
D4_T2

Which GES Descriptors are addressed by the measure?

D1 Biodiversity,
D3 Commercial fish and shellfish,
D4 Food webs

Compare

EIONET Output

Measure Code

Provide a unique identifier for the measure

ACSIE-M049

Measure name

Give name of measure

Continue to implement local conservation reference sizes stocks/species under national measures within the 6 nautical mile limit.

Link to existing policies

Which existing policies already established under Community legislation or international agreements or nationally does the measure come from?

Common Fisheries Policy

KTM

Give the relevant KTM

WFD20 Fishing and other exploitation,
MSFD35 Extraction of species

WFD reporting areas

For WFD KTM's, give the relevant WFD RBD or sub-unit (reporting area) codes. NOT required for other/MSFD measures

Relevant environmental targets

Which environmental target(s) are addressed by the measure?

D1_T1,
D1_T2,
D1_T3,
D1_T4,
D3_T1,
D3_T2,
D3_T3,
D3_T4,
D4_T1,
D4_T2

Relevant GES Descriptors

Which GES Descriptors are addressed by the measure?

D1 Biodiversity,
D3 Commercial fish and shellfish,
D4 Food webs
